## Voyager - The Flagship of the Rivers Fleet

Voyager is a superior vessel, with the capacity to hold 600 guests, it's the largest of its kind in the Southern Hemisphere.

The Voyager's interior is thoroughly luxurious with plush finishes of superior quality that can be altered to suit special themes or events. There's no risk of cabin fever on this vessel with plenty of room over 2 levels.

The food is adventurous and menus are planned individually to reflect seasonal changes in produce. All meals are cooked to order in our fully equipped kitchen on board. Full bar service is available for your guests or you may prefer to request a set beverage package which makes budgeting trouble free.
